Dear Marilyn:

You're terrible to wonder if I remember you! Don't you know I'll remember every I ever had at the State Library? All three of you.

Seriously, it was really good to hear from you and especially in relation to the Texas Women's Political Caucus because Chicanas are really going to keep up with it. You know politically we need to make certain women stay together especially across ethnic lines. Because after all, Chicanas are running for public office in the State.

I hope things are okay for you at the Library. Pretty soon I'm going to send in a Reference Request. I'm still in the Library business, you know. I'll give you a ring next time we're in Austin. Tell Connie, I'm writing her a letter.

Sincerely,

Martha P. Cocera
