Dear Martha,

A newly formed organization "Mujeres Por La Causa" here in Waco will be staging a one day workshop on September 28, 1974. The workshop will be one for all Chicana women here in Waco.

We would be very greatful if you could come down and speak to the women for about one hour. We were hoping that you could speak on Bilingual - Bicultural education. We are inviting various women to speak at the one day workshop. If you will be able to speak at the one day workshop please tell us what hour of the day you could be available. If for some reason you are not able to speak to the group, and you know of someone who could, please send us her name.

I am sorry to say that since we are a newly organize group we cannot afford to pay you, but we will be more than happy to pick you up in Austin and bring you to Waco, and to provide meals and company.

Incase you don't remember me, I was at one time a Brown Beret member in Austin but I am now living in Waco. We are trying to organize a Brown Beret group here in Waco. I am also helping put together this newly formed organization.

Chicanamiente,

Susana Renteria
