**RESOLUTION ESTABLISHING COMISION
FEMENIL MEXICANA NACIONAL, INC.
Adopted 10/10/70* Sacramento, Ca.**

The effort and work of Chicana/Mexican women in the Chicano Movement is generally obscured because women are not accepted as community leaders, either by the Chicano movement or by the Anglo establishment.

The existing myopic attitude does not prove that women are not capable or willing to participate. It does not prove that women are not active, indispensable (representing over 50% of the population), experienced and knowledgeable in organizing, tactics and strategy of a people's movement.

THEREFORE, in order to terminate exclusion of female leadership in the Chicano/Mexican movement and in the community, be it RESOLVED that a Chicana/Mexican Women's Commission be established at this Conference which will represent women, in all areas where Mexicans prevail, and;

That this commission be known as the Comision Femenil Mexicana, and;

That the Comision direct its efforts to organizing women to assume leadership position within the Chicano Movement and in community life, and;

That the Comision disseminate news and information regarding the work and achievement of Mexican/Chicana women, and;

That the Comision concern itself in promoting programs which specifically lend themselves to help, assist and promote solutions to female type problems and problems confronting the Mexican family, and;

That the Comision spell out issues to support, and explore ways to establish relationship with other women's organizations and movements. VIVA LA CAUSA!

*National Issues Conference
