Dear Marta:

The National Women's Education Fund is sponsoring a campaign techniques institute (application and information enclosed) exclusively for women in the southwestern part of the United States. The Chicana Rights Project in San Antonio was contacted for support and assistance in what we believe will be a most productive seminar. We have provided NWEF with a list of Chicanas that we are inviting to attend the Conference. Your name, of course, is included in that list. We urge you to make every effort to attend. The importance of this seminar to Chicanas concerned with politics cannot be overemphasized.

In case that you're not familiar with the Chicana Rights Project, it is one of MALDEF's (Mexican American Legal Defense and Educational Fund) special projects. The main purpose of the Project is to research Chicana legal issues and establish a litigation base with which to combat these issues. Information on the Project is enclosed.

Do plan to attend the seminar. We know the information acquired from attending will be invaluable to you in your future endeavors.

If we can be of further assistance, please let us know.

Sincerely,

Patricia M. Vasquez
